

# Making a Lasting Impact

Wills are more than just a legal document to distribute your personal assets. They are also a powerful tool to make a change in the world. Both Marion Marcotte and John Matwiiw were loyal donors to Royal University Hospital (RUH) Foundation who each chose to leave a generous donation through their Estate.

Oscar and Mary Slaght chose to name RUH Foundation as a Life Insurance Beneficiary and had informed us of their intended planned gift. By doing so, they became members of the RUH Foundation Guild of Friends. This is a special group of donors who have made provisions in their estate plan through Wills, life insurance, charitable remainder trusts, and other means to create a legacy of giving that will continue long into the future.

It is with gratitude that we thank the late  
**Marion Marcotte, John Matwiiw and Oscar & Mary Slaght**  
for their support of Royal University Hospital Foundation through their Estate.

Their gifts will support RUH Foundation's  
**Mission Possible: Operation New O.R. Campaign.**

Support health care today and in the future by including RUH Foundation as your beneficiary.

No matter if the donation is small or big, no matter by what means it is donated – all and any support is welcome and will benefit patients and their families from across this great province and the medical teams at RUH who care for them.

Marion, John, Oscar and Mary all had in common a generosity and foresight that will directly benefit and help improve the care and experience of patients and their families. A legacy gift to RUH Foundation will ensure our hospital recruits and retains highly trained specialists and medical teams, breakthrough research and provides state-of-the-art facilities which are essential to saving lives. You have the power in your hands. Make a difference today, for a better tomorrow.
