

It is with gratitude that we thank

Dennis and Renee Anderson

for their generous \$100,000 donation!

Dennis and Renee generously matched donations made during the 2022 Royal University Hospital Radiothon to support the **Mission Possible: Operation New O.R. Campaign** and the purchase of a life-saving Transesophageal Echocardiogram (TEE) which is considered a must for open-heart surgery and other complex heart procedures.

Thank you Dennis and Renee!

Join Dennis and Renee Anderson by making a donation to help transform surgical care at Royal University Hospital now and in the future.

Donate today.
